EPOXY 200 PRIMER BONDS TO WET, DAMP OR DRY SURFACES

Concrete Solutions Ultra Surface® Epoxy 200 Primer Bonds tenaciously to wet, dry or damp concrete surfaces. It has proven to have excellent resistance to moisture vapor from below a concrete substrate. For exceptional toughness, bondability and increased longevity,

sand or harder than sand granules can be broadcast onto the 200 Epoxy. Request a technical data sheet at [800] 232-8311 or visit Concrete Solutions website at www.concretesolutions.com.
